Part V - Offer and Acceptance

Note: 1) For Funds-out actions, the agreement/amendment must be signed by the other agency official in duplicate and one original returned to the Grants Administration Division for Headquarters agreements or to the appropriate EPA Regional IAG administration office within 3 calendar weeks after receipt or within any extension of time as may be granted by EPA. The agreement/amendment must be forwarded to the address cited in Item 29 after acceptance signature

Receipt of a written refusal or failure to return the properly executed document within the prescribed time may result in the withdrawal of the offer by EPA. Any change to the agreement/amendment by the other agency subsequent to the document being signed by the EPA Action Official, which the Action Official determines to materially alter the agreement/amendment, shall void the agreement/amendment

2) For Funds-in actions, the other agency will initiate the action and forward two original agreements/amendments to the appropriate EPA program office for signature. The agreements/amendments will then be forwarded to the appropriate EPA IAG administration office for acceptance signature on behalf of the EPA. One original copy will be returned to the other agency after acceptance

Attachment A

STATEMENT OF WORK CPFM SITE Demonstration Rocky Flats Plant (RFP)

BACKGROUND

The mission of the Superfund Innovative Technology Evaluation (SITE) Program, is to accelerate the development and use of new cost effective treatment technologies. The objective of the SITE Program is to develop reliable engineering performance and cost data on alternative treatment technologies for use in Superfund site remediation. Technologies tested under the SITE Program directly apply to the types of hazardous waste found at many Federal Facilities. The Department of Energy, Rocky Flats Plant (RFP) facility, having similar hazardous waste concerns, benefit from the test and evaluation of SITE technologies.

This agreement is intended to facilitate cooperative efforts between Agencies in the evaluation and demonstration of the Filter Flow Technology, Inc., Colloid Polishing Filter Method (CPFM).

This agreement is entered into pursuant to the authority of the Economy Act of 1932, as amended (31 USC 1535), or other statutory authority references and adheres to Federal Acquisition Regulation (FAR) 6.002. To the best of our knowledge, the work requested will not place the DOE and its contractor in direct competition with the private sector.

OBJECTIVES

The objective of this agreement is to establish administrative methods that will permit cooperative and coordination between U.S. EPA RREL and U.S. DOE RFP in the demonstration and evaluation of the CPFM technology under the SITE Program. The purpose of the agreement is to 1) confirm administrative cooperation 2) identify lines of communication 3) facilitate cooperative technology evaluation 4) confirm rapid technology transfer.

This agreement does not alter the statutory authorities of DOE or EPA and does not supersede or void existing understandings or agreements.

RESPONSIBILITIES

DOE RFP agrees to commit personnel and manage the following activities:

- 1) Site Health & Safety including Radiation Safety
- 2) Site preparation
- 3) Sampling
- 4) Decontamination
- 5) Waste handling

In turn, EPA RREL agrees to commit personnel and manage the following activities:

- 1) Demonstration Plan
- 2) Sample analysis
- 3) Report development
- 4) Demonstration oversight; this will include overseeing data quality and monitoring activities at the site, collecting samples of untreated waste, treated product, residuals, and any other streams.

DOE RFP and EPA RREL mutually agree to:

- 1) Provide necessary information and contacts to the other party as needed and upon request.
- 2) Provide proposed press releases or other public affairs information related to joint efforts or projects for review and concurrence of the other party prior to release.
- 3) Reference this agreement in any supplemental agreements, amendments, IAGs, or letters of agreement prepared to document details of activities carried out during the CPFM demonstration.

DELIVERABLES

The following deliverable will be prepared by EPA.

- Demonstration Test Plan
- Demonstration Bulletin
- Demonstration Videotape
- Demonstration Reports

RESOURCES

The U.S. EPA RREL shall assume the expenses associated with their above listed responsibilities. In addition EPA agrees to provide funding of \$191K in support of the DOE activities listed above.

PERFORMANCE PERIOD

This agreement will become effective upon the date of signature by both parties and will continue in force for 1 year or until modified by mutual consent, or terminated at the request of either party with ninety (90) days prior notice.
